

PART 135 SAFETY MANAGEMENT SYSTEM (SMS)

FAA Part 135 SMS Rule

There is no FAA Part 135 SMS regulation now, but one is anticipated in the near future. JDA Associates are **internationally recognized SMS experts** who can align your SMS with the new FAA Part 135 oversight program.

Why Use JDA?

JDA is a **MITRE licensed SMS training and implementation organization**, and provides Part 135 SMS services that will deliver huge benefits to your organization.

EU SMS Deadline

The European Union Commission Regulation No. 452/2014 **requires that third country operators (TCOs) must meet the requirements of ICAO Annex 19, SMS by November 26, 2016.** If you fly to Europe, you must have TCO authorization and an SMS per Annex 19.

Gap Analysis

- Complete gap analysis against ICAO, FAA, EASA, TC or IS-BAO SMS requirements.
- Identify shortfalls and opportunities for improvement in design, procedures, reporting, and performance for Flight Operations, Maintenance, Ground Services and Security.

Implementation Plan

- Prepare SMS Implementation plan based on results of Gap Analysis.

Design

- Develop a customized SMS scaled to size of your organization.
- Write SMS manual and procedures.
- Recommend best SMS software program to fit operation.
- Offer Virtual Safety Office staff support for smaller organizations.

IS-BAO Implementation

- Prepare action plan for obtaining IS-BAO certification.
- Update/create flight manuals and documentation to meet IS-BAO requirements
- Provide gap analysis against IS-BAO.
- Conduct IS-BAO pre audit.
- Complete IS-BAO audit and support IS-BAO certification.

Senior Management Coaching

- Provide Accountable Executive coaching to understand roles, responsibilities, and support requirements.
- Conduct Executive team group and individual SMS training.
- Observe SMS implementation to ensure complete system design, training, and integration.

All Employee Training

- Deliver training to understand SMS principles and regulatory requirements.
- Support SMS software reporting program training.

JDA is ready to assist your team, delivering successful solutions for your airline, carrier or certificate holder.
